## CONTRACTORS PLAN TO START BUILD BOOM

Campaign to Be Considered at Dinner at Y.  
June 29

The advisability of staging a "Hunger and Better Albuquerque" campaign will be considered at the regular monthly dinner of the Albuquerque Contractors' association at the Y. M. C. A. on June 29.

Decision to consider the launching of a big building boom in the city was made by contractors at their regular meeting in the Chamber of Commerce rooms last night. It is hoped to have all labor troubles settled by the time the dinner is held.

The standing committee on arrangement for the monthly dinners was instructed to prepare a program of speakers and to invite the board of directors of the Chamber of Commerce to be guests at the dinner.

Members of the board of directors of the chamber probably will be called upon to speak at the meeting. It was said this morning. H. B. Watkins, secretary of the chamber, also will be asked to tell of his ideas for starting an "Own Your Own Home" campaign. The dinner is to be at 8:30 o'clock.

The contractors last night took steps to cooperate in the building boom planned by the real estate bureau of the Chamber of Commerce for July 4.

A committee from the association was named to confer with the committee suggested from the real estate bureau last night. The members of the committee are W. J. Beauchamp, H. F. Zillmer and J. H. Peak.

**Wm. A. Schaefer**  
Acting President of  
Building Council

William A. Schaefer, plumber, is now president of the Building Trades Council, having taken the place vacated by William S. Phillips, who resigned a week ago.

Mr. Schaefer, who has been vice-president of the council heretofore, held the chair for the first time last night. Although he has been vice-president of the council, he has been a member of the council since its organization.

When the preliminary election did not materialize, however, Mr. Schaefer automatically became president and will hold office until next December when the annual election of the council is held.

A vice president is still to be elected. This probably will be done at the meeting of the council next Tuesday when it is to hear the referendum vote of the building crafts on propositions made by representatives of the council and the Albuquerque Contractors' association.

## LYNCHING OF 3 NEGROES IS PROBED

Grand Jury Summoned at Duluth—Men Taken From Police Station

DULUTH, Minn., June 14.—(By wire.) Investigation will be made by county authorities into the lynching of three negroes here last night by a mob of 5,000 persons, which battered their way into the police station to secure the negroes.

Four judges of the district court today signed an order convening a special grand jury at the court house tomorrow morning.

The two companies of Minnesota national guardsmen hurried here early today from St. Paul, and returned to Fort Snelling, late today, it was said.

Three negroes taken into custody at Virginia, Minn., suspected of complicity in the attack on a 17-year-old white girl here Monday night, with which the negroes (lynched) were charged, were reported en route to the county jail here, in charge of Sheriff Frank L. Magle. All the negroes were circus roustabouts.

The girl victim of the negroes' attack is suffering from a nervous breakdown, her father said today, but she is expected to make complete recovery.

The mob held a mock trial, declared three of the negroes guilty and acquitted the other three, who today still were in the hands of the police.

The three "convicted" negroes were hung within a block and a half of the police station, the mob hoisting down pieces of two pieces that the law permitted to take its course. It took three starts to hang the first negro, as the rope broke the first two times.

After the mob had dispersed, the police cut down the bodies of the three, which had not been mutilated.

## HOWAT FLAYS ALLEN; 3 MINE CHIEFS TO JAIL

Kansas Court Sentences Men for Refusing to Testify

MONTECALA, June 14.—(By wire.) Alexander Howat, president of the Kansas district of United Mine Workers, in an address here today before the American Federation of Labor convention, defied Governor Allen to enforce his court of industrial order, on which he "attempted to ride into the white house."

"The United Mine Workers," declared Howat, "will strike whenever they believe they have the right to strike."

"We will show Governor Allen that he has undertaken a bigger task than he anticipated. Every mine worker in Kansas is willing to go to jail before surrendering their rights as American citizens."

"Governor Allen says he is going to be patient until the miners come to their senses. The truth is he realizes that he has a lay he cannot make good. He will be patient some more and will be given every opportunity to demonstrate whether or not he can make good."

"We stand by our motto, 'We are not going to be patient until the miners come to their senses. The truth is he realizes that he has a lay he cannot make good. He will be patient some more and will be given every opportunity to demonstrate whether or not he can make good.'"

Mr. Howat said that Governor Allen told the country how he had saved the people of Kansas from freedom by getting volunteers to work the mines. He asserted that during the three weeks that "1,000 volunteers were in the mines with 2,000 soldiers to guard them," Governor Allen "only produced the same amount of coal that some of the mine mines could produce in one day."

"I also want to tell the people," added Mr. Howat, "that the coal produced by Governor Allen cost the people of Kansas \$200 a ton."

Mr. Howat's address was in support of the convention action in condemning the court of industrial relations and pledging its support to "fight and legislation to a finish."

The convention approved Governor Allen and his despotic efforts to enslave the working class of Kansas, and finally the working class of the United States in prescribing his office as governor of Kansas to the work of enfeebling the working class.

## Holds Up Wedding Till Bride Puts On More Clothes

NEW ORLEANS, June 14.—A wedding ceremony in St. Louis cathedral was postponed several hours today because the officiating priest, Father Antoine, of the Order of Oblate Fathers of Mary Immaculate, declared the bride was immediately arrested and violated a recent order of Archbishop Shaw of the diocese of New Orleans relative to wearing apparel.

The priest declared the bride appeared to him "too shocking" that he had the sexton put out the lights so that she might retire and properly clothe herself.

Although he declined to divulge the name of the bride he declared she "wanted to fly in society style at her wedding" and she had not been prepared for the wedding and the bridegroom was in the edifice. The altar was ablaze with candles and the electric lights in every part of the ancient cathedral were lighted. The bride carried up the main aisle but did not come far before the priest viewed the gown, ordered the lights out and sent her home to assume other garments. The marriage ceremony then was performed.

**Wife of Army Captain  
Mysteriously Shot at  
Camp Grant, Ill.**

CAMP GRANT, Ill., June 14.—Investigation of the fatal shooting of Mrs. Maude Lucille Moss, wife of Captain Leroy H. Moss, at Camp Grant last night, took a new turn today when civil and military authorities began a hunt for four soldiers who escaped from the guard house late yesterday.

One of the four has faced a court martial three times on charges preferred by Captain Moss, intelligence officers said.

Authorities learned a car had been stolen at Davis Junction, a small town just south of the camp, not far from where the shooting occurred.

The entire camp military intelligence force was working to establish whether Mrs. Moss was murdered or accidentally killed.

That Mrs. Moss had been shot was not known until the automobile in which she was riding with her husband and four friends had gone a half mile. The party just had passed the small group of soldiers, it was said when a sharp report was heard. It was then thought the motor had misfired. Striking a bump in the road, Mrs. Moss, who had been helping out the rear seat between Mr. and Mrs. William V. McCreigh, slumped forward. Mr. and Mrs. McCreigh believed her still asleep, reached forward to aid her, and then it was found that she had been wounded. Mrs. Moss died in a short time.

Captain Moss said he believed the shooting was accidental.

In November, 1919, Mrs. Moss was lost for 24 hours on Pikes Peak, and with her brother and a friend, was rescued from freezing only after a frantic search.

**LAST ON PIKE PEAK IN 1904**  
DENVER, Colo., June 14.—Mrs. Maude Lucille Moss, who was killed at Camp Grant, furnished one of the thrilling chapters of the history of Pikes Peak, when she, a fourteen-year-old brother and her escort, were lost on the mountain in November, 1904.

Mrs. Moss, who was then Miss Arnold, was staying at a hotel at Colorado Springs, with her mother and the two young men. The young people started to walk to the "half way" house, intending to return at midnight. The party was caught in the darkness, on the mountain.

A fire was started and during the night a celluloid comb in Miss Arnold's hair caught fire. Her veil was burned and her scalp injured before the flames were extinguished. The next morning she walked all the way back to town, despite the nervous strain of the experience.

Have Luncheon Date Here

Authors on Way to San Francisco to 'Cover' Democratic Convention—She Lets Him Buy a Ticket, Showing He May Be Real 'Hubby'

Fanny Hurst, whose husband has called her up when he wants to make a date, had a luncheon engagement with hubby today at the Alvarado lunch-room. No intimations that hubby is a cheap skate and wouldn't take her to the dining room, they just were in a hurry that's all. For Fanny carried under her arm the next two installments of her Communist magazine series, "Star-Town," and she "did so want to find the postoffice box so as to send the precious manuscripts on their starward trip."

Fanny and her husband, Jacques S. Danielson, the musician, together with a third gentleman, stopped in Albuquerque on their way to San Francisco this noon, coming from Chicago, where Fanny had been covering the republican convention for a newspaper syndicate. She will cover democratic convention in San Francisco.

The convention reaffirmed its stand for recognition of the Irish republic and adopted a demonstration. Resolutions adopted urged that the "military forces of occupation in Ireland be withdrawn," and that the Irish people be accorded the "right of self-determination."

The cement supply which comes largely from El Paso has been almost entirely shut off for more than two weeks. The carload which came to the New Mexico Construction company today had been on the way since the middle of May.

The new "hot plant" in which the top surfacing of the paving is prepared, has been gone over by the New Mexico Construction company and is in full working order.

## HARDING SAYS BOSSSES DON'T CONTROL HIM

Discusses the Campaign With Republican Leaders

WASHINGTON, June 14.—Senator Harding, republican candidate for president, announced today that he had had a general discussion of his campaign last night at a dinner with a number of republican leaders. They included Senators Lodge of Massachusetts, republican leader in the senate; Smoot, Utah; Brandegee, of Connecticut; and Fall of New Mexico.

"We discussed the state of the union, the prospects of the republican party and the platform which we adopted at Chicago," said Senator Harding.

Asked about reports that the peace treaty and the League of Nations would be the principal topics discussed in his speech of acceptance, Senator Harding said he had "the feeling the public sentiment makes the paramount issue rather than the judgment of any party candidate or party manager."

Replying to an inquiry as to whether he would take part in the long primary campaign in Ohio, the nominee said he was "the farthest removed from a political boss of anybody in the world."

"That is the complaint that has been made against me in Ohio," he added.

The senator said he knew nothing of any plans for the formation of a third party and consequently had nothing to say on the subject.

The dinner last night was held at the invitation of Senator Lodge at his residence.

Senator Harding plans now to leave Washington Monday night after his conference with Chairman Hays, at the republican national committee. He is considering three places in the east not far from the Atlantic ocean where he and Mrs. Harding will spend their vacation before going to their home in Marion, Ohio.

**Japan Asks Renewal  
Of the Alliance of  
1911 With England**

TOKYO, June 14.—Japan inserted an article in the Anglo-Japanese alliance pact of 1911 to remove the risk of England becoming involved in any dispute between the United States and Japan. It was declared today by Viscount Kato, former foreign minister, in an interview urging renewal of the treaty.

Viscount Kato, who negotiated the treaty with Viscount Grey, said that both thought the United States should be specifically mentioned, but that the Tokyo government preferred not to use the name.

The article in question of the Anglo-Japanese alliance of 1911 is as follows:

"Article IV.—Should either of the high contracting parties conclude a treaty of general arbitration with a third power, it is agreed that nothing in this agreement shall impede upon such conclusion and other like obligation to go to war with the power with whom such arbitration treaty is in force."

General Wood said he regretted to make the statement but that it was necessary to "brand a faker and to denounce a lie." Declaring that the men who managed his campaign were of extraordinary high character, the general said that the attack upon them "is infamous" and that Mr. Butler's action was "an attempt to incite himself with certain elements which exercised a determining influence at the convention."
